I just did:

- CID bulletpoint on GAL.
- New CID proviso table – marked 61.5 as Amend.
- Updated and highlighted PPP bulletpoint on agents

Need you to do:

- Make CID changes – add \$360k on Rule 608 line
- Make OEPP changes – add \$360k OF for Guardian to receive...add \$1.5M GF for Guardian
- Revert to agency request on Investment Commission
- Confirm what I put on the PPP page as impact for 25 agents
- Let me know when this stuff is processed, 'cause I'd like to redo the affected charts overnight, if possible
