**Subject:** REMI Webinar: Obamacare Repeal and State Impacts - REMINDER

---

Dear Katherine,

**Guest Presenter: Leighton Ku, Director, Center for Health Policy Research and Professor, Milken Institute School of Public Health, George Washington University**

There is still time to sign up for our [guest webinar presentation on Wednesday, February 1st](#) from Leighton Ku of George Washington University, who will discuss the debate over the Affordable Care Act and the possible effects of repeal.

Dr. Ku, the lead author of "[The Economic and Employment Consequences of Repealing Federal Health Reform: A 50 State Analysis](#)" released by GWU and the Commonwealth Fund, estimates the impacts if Congress cuts ACA funds without a replacement in place. The findings have been cited by [the Atlantic magazine](#), [CNBC](#), and [NPR](#).

For this webinar, Dr. Ku will review the economic impacts, and describe how REMI PI+ was used to estimate the state impact.

Each presentation will be approximately one hour in length, and we offer them at no charge via the Citrix GotoWebinar web conferencing platform. Advance registration is required; please click [here](#) to register.
