Dear Ms. Baroody:

Your letter to Mr. Robert Kerr dated September 15, 2006 has been referred to me for response. Based upon your notice to the Department of Health and Human Services that you are no longer able to provide non-emergency Medicaid transportation services in Georgetown County after October 27, 2006, our agency will immediately begin the process to ensure that the delivery of such services continue in Georgetown County.

The Department of Health and Human Services will solicit as much competition as practicable to secure the services of a transportation provider for Georgetown County and Pee Dee Regional Transportation Authority will be included in this emergency procurement process.

If I can be of further assistance regarding this matter, please let me know.

Sincerely,

Dear Mr. Kerr,

Pee Dee Regional Transportation Authority currently holds the contract for the provision of non-emergency Medicaid transportation in Georgetown County. Our current contract rate for this service is .66 per passenger mile. As you are aware, this rate has been in effect for several years. During this period, fuel prices have risen to unprecedented levels and costs remain volatile. The end result for PDRTA is that we can no longer afford to provide NET services to your clients at this rate.

It is with great regret that I inform you that PDRTA will cease providing non-emergency Medicaid transportation in Georgetown County after Friday, October 27, 2006.

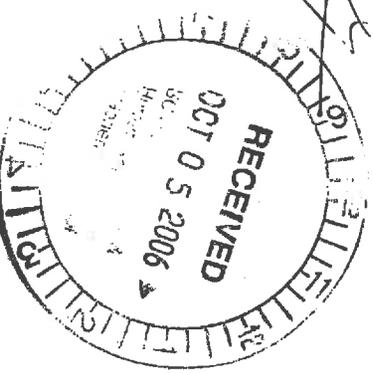

We ask that we be allowed to bid on this contract should it go out again. We have enjoyed our working relationship with DHHS for many, many years and hope it will continue for many more.

Please feel free to contact me at 843-664-5718 or janicebaroody@pdrta.org should you have any questions.

Sincerely,

Janice Baroody
