**Subject:** Officer Rogers funeral

---

**I would have sent this to Ted Pitts but I did not have his email. Please forward.**

**Ted left me a voice message that the governor will not be attending the funeral. I heard his reasoning but I can't tell you how many local people have asked if she was going to miss this funeral also. I would ask that she rethink this decision. Someone asked Betty if she missed the last one because she was campaigning for Mitt Romney. Her absence at Officer Richardson's funeral was noted by many. Mark Keel is great but not the governor.**
