Sure, by all means. Rachel just came on a few weeks ago, and will be helping us out on K-12 issues. Thanks.

Christian:

Yesterday, Rachel Card emailed me inquiring about the Foundation and the work we do (see below). Sara Struhs, whom she mentions as a connection, is her aunt and also works at the Foundation. I'd like to engage Rachel but wanted to run this by you first before I reached back out.

Thanks-

Kate Wallace

Hi Kate,

Sara Struhs gave me your name as a good contact at the Foundation for Excellence in Education. I am working for Governor Haley, and we have formed a small group of leaders to discuss opportunities to improve K-12 education, including how we fund our schools. I am very interested in Governor Bush's work on education and would love to talk to you about his foundation and hear your ideas for education reform that might be applicable to our issues in SC.

Is there a convenient time I could call you to talk?

Regards,
Rachel
