## South Carolina State Parks

at 13:17:05 on 9/10/2019 UTC · 🌐

Another day -- another park! Hunting Island day-use area is open today for beach access -- that means the North and South beach areas are open, the Nature Center & the lighthouse! We have also opened the South Campground at Huntington Beach State Park! It's a great day in South Carolina. Head to the coast! [www.SouthCarolinaParks.com](http://www.SouthCarolinaParks.com)

**Barbara Osborne** Looking forward to visiting this week. Thanks for working so hard to get it ready for visitors.

**Dolores Sommer** We were there today. The water levels are still high but the alligators seemed to be really enjoying it. We saw quite a few in the Mullet Pond and the marshes.
