You are quick! Your email beat me back to my home. Thanks for the opportunity to interact about PEBA. Actually the emphasis you mentioned on controlling employee health care costs versus just the retirement systems component makes the position even more interesting, at least for me. I will look forward to hearing from and meeting Bill Blume next week. Meanwhile if there is anything else you need, please ask.

Please tell Ted I enjoyed our conversation; I look forward to the possibility of working with both of you. Thanks for your consideration,

Art,

Thanks again for coming in this morning to talk about PEBA. I've copied Bill Blume on this email; he's on the road today, but will reach out to you on Monday to setup a time for the two of you to discuss the board's responsibilities in greater detail. If you need anything in the meantime, please feel free to call me on the number below. Thanks again.

Christian
