The NCRC is a portable, evidence-based credential that certifies essential workplace skills that are important for workplace success. This credential is based on ACT's world-renowned WorkKeys® assessments—which measure job skills associated with workplace success. - » Problem solving
- » Critical thinking
- » Reading and using work-related text
- » Applying information from workplace documents to solve problems
- » Applying mathematical reasoning to work-related problems
- » Setting up and performing work-related mathematical calculations
- » Locating, synthesizing, and applying information that is presented graphically
- » Comparing, summarizing, and analyzing information presented in multiple, related graphics

This credential is registered with ACT and may be verified by employers at NationalCareerReadiness.org.

NCRC PLUS

Congratulations on earning an NCRC Plus. When measures of cognitive skills are combined with measures of personality traits, or soft skills, an individual's success in a job or job training can be predicted with even greater accuracy than when only one type of measure is used. In addition to the cognitive skills listed above, your test results indicate that you possess soft skills ranked as follows (1–4 stars):

- ★★★★ **Work Discipline:** productivity and dependability
- ★★★ **Teamwork:** tolerance, communication, and attitude
- ★★★ **Customer Service Orientation:** interpersonal skills and perseverance
- ★ **Managerial Potential:** persuasion, enthusiasm, and problem solving

The cognitive and soft skills measured by the NCRC and NCRC Plus are among those recognized by business and industry as essential for workplace success and career advancement. Learn more at NationalCareerReadiness.org.
