Subject: Information that can be released

Holly –

Per our conversation, I am attaching a form of information that can be released on service members without being considered an unwarranted invasion of their privacy.

Also, be advised that after speaking with our National Guard Bureau-FOIA office, I'm not sure I can give out information over the phone on any previous FOIA requests regarding Mr Haley in terms of who asked, what they wanted or when they asked. I am checking on that now so please bear with me.

If he does an interview, I would advise him to stay within guidelines of releaseable information and practice operation security. Let me know if you have any questions.
