THE COUNCIL OF STATE GOVERNMENTS NATIONAL CONFERENCE 2015

CSG's National Conference provides state leaders with the opportunity to discuss state government trends, share cutting-edge solutions and debate issues on the political horizon.

As the nation's only professional organization serving all three branches of government, CSG fosters the exchange of insights and ideas to help state officials shape public policy.

Join us in Nashville, Tenn.—once home to Andrew Jackson, whose strong voice for the states still echoes today—for an unparalleled opportunity to network, develop leadership skills and create problem-solving partnerships with colleagues from across the country and beyond our nation's borders.

Together, we can accomplish more.

For more information about the conference, including registration, hotel accommodations, agenda and speakers, visit <http://www.csg.org/2015nationalconference> or call (800) 800-1910.
