Subject: Important News From CSID: Your State-Provided Identity Protection Service Will Renew

To: kveldran@gmail.com

## Important News From CSID:

### You Have An Additional Year of Identity Theft Protection

Dear Member,

We are excited to inform you that the State of South Carolina has partnered with CSID to offer an additional year of identity theft protection to you for free. **Since you've already enrolled, your service will automatically renew for another year through October 31, 2015, and no additional action from you is necessary.** We hope you are enjoying your identity monitoring service from CSID and are taking advantage of all this service has to offer.

#### What's Next?

If you have not already taken advantage of Child Monitoring, be sure to take advantage of this free included service. Your child or children under age 18 are also eligible for state-provided Child Monitoring from CSID. With this product, you can be aware of all known addresses and aliases associated with your child's SSN, and see if your child's personal information is being bought or sold online. To activate this service, [log in to your account](#) and click on Child Monitoring. Once you enroll your child or children, be sure to remind other South Carolina taxpayers to enroll themselves and their families to take advantage of this free service!

Protecting your identity is our number one priority. If you have any questions, please contact the South Carolina Identity Protection Hotline at [855-880-2743](tel:855-880-2743) or email [support@csid.com](mailto:support@csid.com).

Sincerely,

**CSID**
