Hampton, Virginia 23661
June 2016

Greetings,

We were assigned to research and discover truths relating to slavery in America and reason why segregation is present today. We were requested to present these findings to the government and other affiliations. Please read this case reports. We do promise it will shed more light with means and ways of completely abolishing segregation. It is long overdue!

Sincerely,

Rev. Hilda V. Martin

Dr. J. Joy Gatling
