**JUST TO CLEAR UP HOW I BECAME A CAPTAIN**

Dear Friends:

During the Cuban missile crisis started when Washington refused a loan to Castro's Cuba when he called in the Soviets. At that time I was in Fort Meade, Maryland in the United States Army Intelligence as a translator. When the Secretary of State David D. Rusk showed-up with wet-pants, begged the Post Commander to send somebody to talk to the Soviet representatives that Rusk already set-up at the Baltimore Harbor, Maryland.

The Post Commander selected me and at the time I was an E-5. In order to do this I was promoted as a Military Intelligence Captain. There were a few people at the Pentagon who opposed me, but the Post Commander said that we are at the verge of WORLD WAR III, so he told the Pentagon that if you can find somebody by tomorrow morning then I will not be promoted. The Pentagon said that in such a short notice there was no way. So I was then promoted to the rank of Captain Joseph Domossy.

At that time the Soviets only had about 250 nuclear missiles, America and the west had over 5-thousand nuclear missiles. If the Soviets would have started a nuclear exchange, Russia would have become the 51st state of the United States, but the cost would be in the millions of American lives. I even read them a Russian Poem.

Just as I was ready to go to Baltimore Harbor for my appointment accompanied by two Military Police (MP), we were ambushed by General Curtis LeMay and he made threats to court marshal me and the firing squad because he wanted to start WORLD WAR III. I told the General is it worth millions of American lives for your court marshal? The MP's whispered to me that we have a winner here a (mental case). Before the General was arrested he said Captain if you fail in Baltimore Harbor don't come back. So I calmly said to the General please calm yourself and let us go.

Years later, CIA's Director William Casey told me that some soldiers in Vietnam just got a flesh wound and received a Congressional Metal of Honor, I saved millions of American lives and got zero. CIA's Dir. Casey said that it was a total hate crime and I should be promoted to a full bird-colonel.

CIA's Dir. Casey accused the Pentagon for supplying 15 heavy duty trucks for the robbery of \$136-Billion from the U.S. Treasury by the Secret Service, the White House crooks out of \$1.5-Trillion cash which was ordered by President Eisenhower during the cold war in the event of WORLD WAR III to be stored in a secret hideaway, here we go again the Secret Service crooks set the rest of \$1-Trillion \$364-Billion on fire to cover their tracks. To protect the Secret Service crooks the Pentagon requested CIA's Dir. Casey not to mention and keep it secret before agreeing to the promotion of Colonel Joseph Domossy. This could not be changed because it would be contrary to the Washington Post article published on Tuesday February 11, 1986 page E-3, so the Pentagon doctored Captain Joseph Domossy's record and the Secret Service crooks murdered CIA's Dir. Casey by checking him into Glen Cove, New York, Hospital for a complete physical check-up. Casey walked-in and never walked-out.
