Dear Ms. Forkner :

As we begin the new legislative session, budgets and the economy will take center stage. We are getting prepared to scrutinize all disbursement of state funds throughout the state agencies. In order to help us determine the most equitable way of justifying any cuts in the future, we are asking that you supply us with the following information as soon as possible but not later than January 29th.

Covering the fiscal years of 2006-07 and 2007-08, please provide the yearly data on the number of vacancies in your agency, the number who returned under TERRI, the number who were hired back on a contractual basis, and the number who were rehired under a different title than the one they had previously while working at your agency. Also, provide the salaries of those who returned for any of the above reasons, both individually and grand total. We do not want names of individuals. How many of the vacancies were filled, not filled, or eliminated?

Thank you for your cooperation. We appreciate your taking the time to provide us with this important and much needed information.

Sincerely,
