---

Dear Sir or Madam,

I'm researching trends in Medicaid enrollment across the states and am writing to ask if you could provide or direct me to data from your state detailing monthly Medicaid enrollment starting as recently as possible and going back a three or four years (with enrollment separated out by eligibility category if possible). Thank you very much for your time, greatly appreciate it.

Sincerely,

Dear Mr. Greenfield:

Please find the attached summary spreadsheet containing the information you requested on South Carolina's eligibility trends. The data is compiled in a spreadsheet in an effort to be of assistance because the original information is 37 pages long, but the reports are available if you like them.

The spreadsheet contains totals for each eligibility category on a month to month basis for the time period beginning in January 2007 and ending in December 2009. The source of the data is the RSS3870R02 for each month (these are the Final Reports which include retroactive eligibles). This is the most up to date information available at this time.

We hope this information is helpful.
