Register Today for the Iowa Conference on Aging & Disabilities: Kiss Me I'm IOWAish!

NASUAD is proud to be sponsoring a National Aging and Disabilities conference in **Des Moines, Iowa, May 23-May 26**. Building on our popular HCBS conference in the fall, NASUAD is bringing a mini-HCBS conference to the mid-west. **In celebration of St. Patrick's Day this month, we are offering a \$50 discount on registration. Use the code: IOWAish**

The jammed packed agenda begins Monday morning with three separate **day-long intensives**. You can choose to:

- Be educated about **employment opportunities for seniors and individuals with disabilities**;
- Become informed about efforts to combat **elder abuse**;
- Learn about the creative efforts to **improve oral health** for seniors and individuals with disabilities.

You will be **enlightened, inspired, and educated** by our plenary thought leaders including:

- **Lt. Governor Kimberly Reynold**
- **Mike Nardone**, CMS Director of the Disabled and Elderly Health Programs Group (DEHPG)
- **Terry Rich**, author of "Dare to Dream: Dare to Act"
- **Dr. Paul Glassman**, visionary leader in teledentistry for underserved populations

State aging and disability directors and their staff, State long term service and supports Medicaid directors and their teams, local aging providers, Area Agencies on Aging, Centers for Independent Living, academics, health care providers, meal providers, and all those who work to serve seniors and individuals with disabilities and their caregivers will all want to be at this national event. **You don't want to miss it!**

[Click here](#) to learn more and register. Use the code **IOWAish** for a discount on your registration.

Medicaid & CHIP Application, Eligibility, and Enrollment Data

The Centers for Medicare & Medicaid Services (CMS) released their monthly report for December 2015 on Medicaid and CHIP application, eligibility determination, and enrollment data. States provide data to CMS on factors related to key application, eligibility, and enrollment processes using the Medicaid and CHIP Performance Indicator Project. The data is then used to inform CMS on the operations of the programs in each state and to share state performance data publicly.

This section of Friday Update highlights reports that have been added to the HCBS Clearinghouse within the past week. Visit www.nasuad.org/hcbs for more information.

From the Administration

Centers for Medicare and Medicaid Services

Final Notice of Benefit and Payment Parameters for 2017

The Centers for Medicare & Medicaid Services (CMS) published the final Notice of Benefit and Payment Parameters for the Health Insurance Marketplace during the 2017 coverage year. CMS also released other documents offering guidance to ensure healthy and stable markets that are effective for both consumers and insurers. The finalized provisions in the rule, "help consumers with surprise out-of-network costs at in-network facilities, provide consumers with notifications when a provider network changes, give insurance companies the option to offer plans with standardized cost-sharing structures, provide a rating on HealthCare.gov of each QHP's relative network breadth (for example, "basic," "standard," and "broad") to support more informed consumer decision-making, and improve the risk adjustment formula." The documents below are the fact sheet with details on key provisions of the final rule, a final Letter to Issuers, and a bulletin on the Rate Filing Justifications for the 2016 Filing Year for Single Risk Pool Compliant Coverage.

Improving Connectivity Among Medicaid Providers

The Centers for Medicare & Medicaid Services (CMS) announced a new initiative to bring technology that is interoperable between health care providers, including long-term care, behavioral health providers, substance abuse treatment centers, and other

providers that have not adopted this new technology as quickly. This information should help "to bridge an information sharing gap in Medicaid by permitting states to request the 90 percent enhanced matching funds from CMS to connect a broader variety of Medicaid providers to a health information exchange than those providers who are eligible for such connections today." This initiative is another move in the direction of creating change to improve the beneficiary experience when moving through the health care system.

From Other Organizations

AARP Public Policy Institute

DataExplorer: An Interactive Social Security Storybook

AARP Public Policy Institute created a new interactive storybook that explains what populations depend on Social Security. The tool uses graphics and animation to portray hard statistics in an easily digestible format. Many myths exist about Social Security and the DataExplorer offers a quick look about who the program serves. Additionally, the storybook offers links for viewers to learn more information about Social Security.

ABLE National Resource Center

ABLE National Resource Center Launches New Website

On March 1, the ABLE National Resource Center launched its new website. With several state-sponsored ABLE programs preparing to open in the next few months, the ANRC website offers important information targeted toward potential beneficiaries and their families, ABLE program administrators and financial institutions. Information provided on the ANRC website will include: State-by-state ABLE development statuses; side-by-side comparisons of ABLE program characteristics; informational ABLE videos; archived ABLE webinars; published ABLE-related research; summaries of ABLE-related policies, rules, and regulations; frequently asked questions; an online portal to submit ABLE-related questions; and ABLE announcements.

American Society on Aging

Registration is Still Open for Aging in America Conference

There is still time to register for the Aging in America Conference! The conference is being held from **Sunday, March 20 to Thursday, March 24, 2016**, in Washington, DC. In just a few short weeks professionals from across the country will meet as a community to share ideas and knowledge, learn from the top influencers in aging, gain new perspectives and get reinvigorated to do our best work. Will you be there?

[Volunteer](#) and attend for half price! In exchange for volunteering for one day during AiA16, volunteers can register for the conference at half the price and full-time students who volunteer can attend the conference at no charge! NASUAD members have an opportunity to save. Use discount code NASUAD75 and save \$75 on your registration.

John A. Hartford Foundation

Elder Justice Change AGents Issue Brief

The John A. Hartford Foundation recently released a new publication, *Elder Justice: A John A. Hartford Foundation Change AGents Issue Brief*. A startling statistic shows, "that at least 2 million older adults (one in 10 people over the age of 60) is abused or mistreated each year." Additionally, this number of abused elders may be far greater as abuse often goes unreported. Included in the brief are the significant challenges that exist around this issue and the opportunities to create solutions. This brief was generated from two gatherings of elder justice thought leaders aimed to help The John A. Hartford Foundation plan a course of action that builds on the strengths of existing efforts and funded programs.

Justice in Aging

Webinar: Medicare for Dually Eligible & Low-Income People Under Age 65

Justice in Aging and the Center for Medicare Advocacy are hosting a webinar on Medicare for dually eligible and low-income people under age 65. Justice in Aging experts Georgia Burke and Jennifer Goldberg will explore issues relating to those under age 65 who are eligible for both Medicare and Medicaid, as well as other services for low-income beneficiaries. The webinar will include an overview of: Programs that help with Medicare premiums and co-insurance; billing protections for people with low incomes; and tips for navigating the intersections of Medicare and Medicaid. Pre-registration is required for this free webinar. The webinar will take place on **Thursday, March 17, 2016, from 2:00 p.m. to 3:00 p.m. ET**.

National Council on Aging

Cheat Sheet of the Core Benefits for Low-Income Medicare Beneficiaries

The National Council on Aging (NCOA) published a cheat sheet with the core benefits that low-income Medicare beneficiaries may be eligible for. The cheat sheet explains how the core benefits are administered and how basic eligibility is determined. Benefits included on the cheat sheet are: Medicare Savings Programs, SNAP, Low Income Home Energy Assistance, and the Part D Low Income Subsidy.

Events

ASA's Annual Aging in America Conference

The American Society on Aging's Annual Aging in America Conference will be held from **March 20-24, 2016**, in Washington, DC. Each year, aging professionals come together to share ideas and knowledge, learn from the experts, gain new perspectives, and get reinvigorated to do great work. The topics covered at the conference reflect the issues that all professionals face today. They are multifaceted and multidisciplinary, and go beyond the boundaries of geography and discipline. ASA will discuss the latest developments in aging in community, integrated care networks, the next 50 years of Medicare, Medicaid and Social Security, the economics of aging and longevity, the profound marketplace changes that a dramatically growing older population will inevitably bring, culturally competent services provided in a multicultural context, and much, much more.

Event & Webinar: Harnessing Evidence to Redesign Primary Care

The Mathematica Center on Health Care Effectiveness and the Milbank Memorial Fund are hosting a policy forum and live webinar on harnessing evidence to redesign primary care. Practical strategies from the new report for improving the strength of evidence from ongoing evaluations will be presented by expert panelists. Additionally, experts who offer the perspectives of providers and state and federal governments will identify the kind of evidence needed to understand the implications of primary care transformation. Pre-registration is required for this free event. If you need assistance before the forum, please contact Mathematica at CHCE@mathematica-mpr.com. They will make every effort to accommodate your participation in this event. Please email any requests for special accommodations by **Tuesday, March 22, 2016**. The event will take place on **Thursday, March 24, 2016, at 3:00 p.m. ET**.

Funding Opportunities

Inclusive Planning Impact Grant

The Transit Planning for All project has announced the availability of funding for community-based demonstration programs. The purpose of this funding opportunity is to encourage development of an inclusive coordinated transportation system in which people with disabilities and older adults actively participate in both advisory and decision-making capacities. While the intention is first and foremost the development of inclusionary processes and plans, the secondary expectation is that inclusion will result in identifiable and measurable changes in the transportation system that respond to the needs and preferences of older adults and people with disabilities.

To take advantage of this funding opportunity, communities should download both the request for proposals and the grant application form. All requirements stated in the application form must be met in order for an application to be considered.

Applications must be submitted by **11:59 PM ET on Friday, March 18, 2016.**

CMS Accountable Health Communities Grant

The U.S. Department of Health and Human Services, Centers for Medicare & Medicaid Services, and the Center for Medicare & Medicaid Innovation released a request for proposal (RFP) for an Affordable Care Act (ACA) funding opportunity for Accountable Health Communities (AHC), funding opportunity number CMS-1P1-17-001. The AHC model will test three community-focused interventions of varying intensity and their ability to impact total health care costs and inpatient and outpatient health care utilization. There are different tracks- Increase Awareness, Provide Assistance, and Align Partners-with varying funding amounts available. Each track will run for a five year period. A letter of intent to apply is required and due by Monday, February 8, 2016. An electronic cooperative agreement application is due by **1:00 p.m. ET on Thursday, March 31, 2016.**

Evidence-Based Falls Prevention Programs Financed Solely by 2016 Prevention and Health Funds

The Administration on Aging (AoA) within the Administration for Community Living (ACL), U.S. Department of Health and Human Services (HHS) forecasts the possible availability of Fiscal Year (FY) 2016 funds to make two-year grants to approximately 8 entities to bring to scale and sustain evidence-based falls prevention programs that will reduce the number of falls, fear of falling, and fall-related injuries in older adults and older adults with disabilities. Goal 1: Significantly increase the number of older adults and older adults with disabilities at risk of falls who participate in evidence-based community programs to reduce falls and falls risks; and Goal 2: Implement innovative funding arrangements (e.g. contracts with integrated health care systems) to support community-based falls prevention programs beyond the grant period, while embedding the programs into an integrated, sustainable evidence-based prevention program network.

Eligible organizations are as following: State governments, Small businesses, Special district governments, Independent school districts, Individuals, City or township governments, County governments, Nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education, Private institutions of higher education, Unrestricted (i.e., open to any type of entity above), subject to any clarification in text field entitled "Additional Information on Eligibility". For profit organizations other than small businesses, Native American tribal governments (Federally recognized), Public housing authorities/Indian housing authorities, Public and State controlled institutions of higher education, Nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education, and Native American tribal organizations (other than Federally recognized tribal governments). All applications are due by **11:59 p.m. ET on Wednesday, April 6, 2016.**

Empowering Older Adults and Adults with Disabilities through Chronic Disease Self-Management Education Programs

The Administration on Aging (AoA) within the Administration for Community Living (ACL), U.S. Department of Health and Human Services (HHS) forecasts the possible availability of Fiscal Year (FY) 2016 funds to make two-year grants to approximately 8 entities to bring to scale and sustain evidence-based programs that empower older adults and adults with disabilities to better manage their chronic conditions. Goal 1: Significantly increase the number of older adults and adults with disabilities who participate in evidence-based self-management programs to empower them to better manage their chronic conditions; and Goal 2: Implement innovative funding arrangements (e.g. contracts with integrated health care systems) to support the CDSME programs beyond the grant period, while embedding the programs into an integrated, sustainable evidence-based prevention program network.

Eligible organizations are as following: Public housing

authorities/Indian housing authorities, unrestricted (i.e., open to any type of entity above), subject to any clarification in text field entitled "Additional Information on Eligibility," Independent school districts, Native American tribal organizations (other than Federally recognized tribal governments), for profit organizations other than small businesses, private institutions of higher education, nonprofits that do not have a 501(c)(3) status with the IRS, other than institutions of higher education, nonprofits having a 501(c)(3) status with the IRS, other than institutions of higher education, special district governments, city or township governments, state governments, county governments, public and State controlled institutions of higher education, small businesses, and Native American tribal governments (Federally recognized). All applications are due by **11:59 p.m. ET on Wednesday, April 6, 2016.**

Supportive Services Demonstration for Elderly Households in HUD-Assisted Multifamily Housing

The U.S. Department of Housing and Urban Development (HUD) announced it is making approximately \$15 million available to test a promising housing and services model for low-income seniors to age in their own homes and delay or avoid the need for nursing home care.

HUD's Supportive Services Demonstration for Elderly Households in HUD-Assisted Multifamily Housing will offer three-year grants to eligible owners of HUD-assisted senior housing developments to cover the cost of a full-time Enhanced Service Coordinator and a part-time Wellness Nurse. The purpose of the Demonstration is to test the effectiveness of this enhanced supportive services model for elderly households and to evaluate the value of enhanced service coordination paired with affordable housing for seniors. The demonstration will be independently evaluated to determine the impact of the enhanced supportive services model on: Aging in place in HUD-assisted senior developments; avoiding early transitions to institutional care, and; preventing unnecessary and often costly health care events-such as some emergency room visits and hospitalizations-for residents in HUD-assisted senior developments. Grant applications must be submitted electronically by **Monday, April 18, 2016, at 11:59 p.m. ET.**
