Hi Katherine,

If there is an award for reasons not to multitask I deserve it. I got an email from one of our student's parents while I was typing to you. The young lady it was referencing name is Hailey. I just realized I typed her name and not Governor Haley's. officially time to walk away from the computer.

With my sincerest apologies,

sarah

Subject: scheduling a visit during Heritage Golf Week

Hi Katherine,

I hope this finds you doing well today. I was given your contact information by Kim Chapman, Bluffton's Mayor Sulka's assistant. I write to you to see if Governor Hailey would be attending the Heritage Golf Tournament - and if so if we could schedule a time for her to tour MindStream's campus. And if she will not be in attendance, we are hopeful that she could come tour soon.

MindStream is expecting another wave of national media attention(both television and print) regarding our contribution to turning the tide on teen obesity, as well as audiences within various federal agencies in the very near future. We know that ending the obesity epidemic in South Carolina is something that Governor Hailey is committed to tackle. The program that seems to have the most success in that space is in her backyard. I do hope she will be able to visit before our current group of students return home in just a few more weeks.

Anything that we can do to be helpful, please let me know.

With my very best,

Sarah
