Subject: Republican Party

Governor, I am so disappointed at the Republican Party. Actually, I am sick of all politicians at this point! But, the Republicans have shown their true colors during this election process. I have been a Republican all my life, voted in every election..... Republican.

But, the way my Party has treated Donald Trump is sickening! To not endorse the Party's candidate for your own selfish reasons, well that's deplorable!

I am not happy with either candidate, but YOU would rather have Clinton in the White House, with all the ramifications. The Republicans goal is to get a Republican in the White House, period. You and all the rest of the Republicans we voted into office are not doing their jobs!

For every elected Republican who has rejected Trump, they have seen their last vote from me and I think many, many more.

Yes, Mr. Trump's latest "leak" is horrible. But, did the Democrats all abandon Bill Clinton when we found out all his escapades in the White House? No! They did their jobs and worked for him. Why aren't you and the rest in Washington doing your job. Get out and support and work to get a Republican back in the White House!

Unless results are seen from elected Republican Politicians in the time remaining, you can count on one less Republican vote!

Sincerely,
Frances Guilshan
