Rep. Sabb is requesting time to speak with NH directly to share information from his perspective and discuss his concerns prior to her making an appointment. He said that he never makes these requests of the Governor, but he feels that this is that important.

He had no questions. I told him that I would share this information with you right away and that you would be in touch with him.

If you have time to call him that would be great.

Swati said she forwarded a voicemail to you, so you might not have had a chance to check it yet. Let me know if you would like to follow up with him or if you want us to call him?

Swati said a legislator had a question about the Williamsburg sheriff. Let me know if there's anything we can do to help.
