I've done a first pass through everything, and then went back in and drafted some more proviso blurbs. There are a bunch of SCDE/EIA ones we oughta just talk about.

I'll be in meetings for most of the day, so it's not a bad time for Hal and/or interns to take a shot at drafting more of those proviso blurbs, to keep things moving.

If they're available, we should meet with St. Onge and Wendy at 9:30 or 10 on Monday, or else at 8:30 or 9 on Tuesday, if either of those work (meaning for you and for them). I'm gonna get a couple minutes w/NRH late tomorrow to talk a little more detail on a transport plan, and then I'll probably outline a plan over the weekend to pitch to St. Onge et al. Oh, we should probably invite Kristy (sp.?) too.

I ran into Bob Toomey today, and he said he'd get Tony and us numbers at the beginning of next week as to how the shift in pharma settlement money might be portrayed in the budget.

And I've got a Post-It note with a list of various initiative / companion bills we'll need, so we all oughta talk about that briefly sometime rather soon. Us, Ted, Veldran, etc...
