---

Thanks Chaney, Watching the feed of the presser now. Any chance we could get her for a five minute conversation with Judy Woodruff once the presser is over? We can take her from the ETV camera that is already there.

Kyla,

Jennie, thanks for reaching out we have your request.

I also wanted to make sure you were aware of the governor's [11:30 am](#) news conference.

Hi Chaney –

I'm a producer at the PBS NewsHour and wanted to see whether the governor might have a few minutes to do an interview with our anchor Judy Woodruff following her press conference later this hour. We could get camera time at ETV, so she would just need to spend a few extra minutes at the station there. The interview would likely last about five minutes. Is that something she'd be interested in doing and have time for?

Thanks very much,  
Kyla
