<MSG>

To who it may concern, for several years now since traffic has increased there has been multiple

accidents near little allison creek bridge on south paraham rd. I have spoken to the Governors office several times in the past only to get a band aid put on the problem. A few chevron signs that does nothing. The speed limit here in front of my property is way to high with all the residential building going on..... I am getting tired of picking up auto parts on my property and in my animal pasture.

<SUBJECT>Rehabilitation of I-77 from Rock Hill to the NC State Line</SUBJECT>
<MSG>

Although there has been some repaving of I-77 near Cherry Road in Rock Hill, the bulk of the repaving project on I-77 has yet to be completed even though the construction signs were installed months ago. Every morning I enter I-77 North from Sutton Road only to have my car pelted by rocks/gravel/decaying pavement. Every evening I experience the same thing on I-77 beginning at the Carowinds exit. Essentially, I-77 in both directions is currently little more than a gravel road.

I'd appreciate learning if and when the repaving of I-77 from Rock Hill to the state line will be completed as at some point in the near future I would like to have the damage to my car repaired by a body shop before it begins rusting away.

Thank you for your consideration of my request.

Sincerely,

Dr. Dennis L. McElhoe

Fort Mill

<SUBJECT>Request Church Signs</SUBJECT>
<MSG>

Dear Mrs. Nikki Haley

First of all I want to thank you for the Job that you are doing for the State of South Carolina. I know that this is not the way to ask for something. I have retired some the National Guard with 35 years of service. I love every day of being in the guard.

I am trying to get back involved in my County that I have lived all of my life. You may say well this request is like family they only call when they need something. Well it is!!! I attend Southern Gospel Singing at the Maple Cane Baptist Church located at 21324 Augusta Highway in Cottageville, SC 29435. I went to a singing this past Saturday night with my 2 girls. The pastor always tells us to watch the highway because people are flying down that highway.

He also said he has call the Department of Transportation to try to get a Warning sign up letting drivers know that there is a Church coming up. He said that they came out and said he didn't give a name. There is another small church within 100 yards of this church. It is the Little Rock Holiness 21746 Augusta Hwy Cottageville, SC. 29435. This church has kids crossing the road which are in our Indian Community in the county.

Mrs. Haley I know that they may can't get a Flashing Church Sign warning drivers about this 2 churches coming up but can we get them 2 signs with 2 post warning drivers that a Church is coming up.

No it may want slow the drivers down but we may be able to save a life.

Thanks

Angus A. Patterson Jr. 59 Joye Street Ruffin, SC 29475 (843) 893-6838
I went by the Nickname of (BULL) in the Guard.
