Subject: Meeting with IT-oLogy; Great article on SC and Tech

Christian,

Two quick things..

1. Would you be able to meet with Lonnie Emard, IT-oLogy President, at IT-oLogy soon? I know we've talked about it but Lonnie would love to meet you, show you around, etc.
2. Here is a great link on SC's tech sector and the Summit on IT from last week. The Free Times published it today. Take a look and share - <http://www.free-times.com/news/tech-is-big-business-in-sc-043014>.

Thanks again for your help with everything last week. We look forward to future communication and partnership.
