Katherine,

Attached is the Governor's Seal in jpg format. Did you need this for displaying on a website or did you want it printed? If you're sending to a printer to have a gold foil seal created to emboss on paper then a black-and-white one is preferable for sharpness, they use that to create the foil. If you want to display it on a computer screen then the attached is an approximation of a gold color. Please let me know if this meets your needs or if I can be of further assistance.

Thank you

Carol and Dick,

I need the jpeg of the gold seal that we have sent to Katherine Veldran. Please send it to her as soon as possible. Please copy me as well, so I will have a copy of it. I only have the black seals.

Thanks,  
Katherine
