

September 8, 2015

The Honorable Nikki R. Haley  
1205 Pendleton Street  
Columbia, SC 29201

Dear Governor Haley,

Enclosed are 52 petitions signed by members of Concerned Women for America (CWA), the nation's largest public policy women's organization. The members of CWA and I call on you to take a stand and protect our children.

Recent efforts to advance the homosexual agenda in America's public schools should not continue unchecked — especially efforts by the federal government to strong arm our schools into adding "gender identity" to their nondiscrimination policies at the risk of losing federal funding.

This completely misguided educational mandate by the U.S. Department of Education's Office of Civil Rights allows self-identified transgendered children to use any bathroom or locker room of their choosing. And it forces the introduction of "gender identity" into the classroom curriculum — where it has no place. For the sake of education in our great country, the politicizing of America's public school systems must end.

CWA represents 500,000 like-minded men and women who desire to promote and protect the freedoms that this country holds dear. Please stand with Concerned Women for America and protect America's school children, stop the use of taxpayer dollars for this mandate, and end the exploitation. Thank you for your consideration of this request.

Sincerely,

Penny Nance  
Chief Executive Officer & President  
Concerned Women for America
