Subject: Service Delivery Committee Member Survey

Hi everyone,

During part of our April 3rd Service Delivery meeting, we will discuss the group's vision for the desired service delivery system in South Carolina, as well as discuss what principles should be used in structuring our recommendations to work towards that vision. The co-chairs have developed an informal survey to gather your thoughts on vision and principles in advance of our meeting. See attached document. **Please fill in your ideas and send them back to me by next Tuesday, April 1.**

(You will see that, in addition to soliciting your ideas regarding vision and principles, the survey also includes an item requesting your input about needed data/research.)

Early next week, we will send out the meeting agenda and materials.

Looking forward to seeing you all soon,
Eleanor
