### Injury Severity

|                           | Provider<br>Contributed<br>Yes | Provider<br>Contributed<br>No | Total |
|---------------------------|--------------------------------|-------------------------------|-------|
| Injury - 1 (most severe)  | 0                              | 0                             | 0     |
| Injury - 2                | 9                              | 7                             | 16    |
| Injury - 3 (least severe) | 16                             | 12                            | 28    |
|                           | 25                             | 19                            | 44    |

#### Injury Severity Criteria:

- 1 – Severe: Traumatic injury or loss of life
- 2 – Moderately Severe: Hospital visit without stay; Ambulance called to scene; Went to ER within 72 hours
- 3 – Not Severe: Bumps or bruises; First Aid; Member notified Broker within 72 hours of injury

#### Incident Criteria:

- Accident without bodily injury; or
- Law enforcement involvement; or
- Non-severe injury reported to broker past 72 hours.

Note: In Quarter Three of 2015 the Broker and DHHS three member panel determined 9 incidents to have insufficient information or lack of communication from the member, member’s family, or authorized representative. The aforementioned incidents are not included in the total count for the specific Quarter.
