Dear Naley

I am writing concerning my teeth and my finances. I need to pay off some outstanding dental bills. I don't want a lot of just need someone to finance my home and I need some one payment. I get \$735.00 mo 500.00. I have lived alone since 1983. Now I am unable to work and I cannot make it. I have not had any gas for that year yet - I start with some electric heater.

I had open heart surgery before you and I am pleased. The doctor made a mess so my time has not been together this was Dec 2013. This Dec 2014 2 of them are still there and I have lost

your check, as and I have two starts -- I am a

law abiding Christian

woman (who has been divorced since 1983.

I have not worked since 2012 around Nov. I just want to know if a program that can help me. S.C. you can not help me, as they say. my credit score is not high enough to get money.

If you could let me see if there is something that can help me. I do not get any help at all no help at all or funds. I eat a lot of fast food and bread.

Thank you in advance.

Deborah and

Stephanie
