GENERAL SECRETARIAT

Mr. Donald John TRUMP,  
Elected President of the United States of America

Trump Tower  
725 Fifth Avenue  
New York, NY 10022  
United States

**Object :** Our congratulations on your election

Mr. President, Dear Donald,

On behalf of our organization, I congratulate you warmly on your election as the 45th President of the United States of America.

Our belief is that your arrival at the White House as the next president of the United States would bring a new dimension to U.S. foreign policy, particularly with regard to Africa.

Our belief is that with you America will find all its greatness, the greatness of an America listened to and respected, an America that defends democracy, an acting America who resolutely puts itself alongside the peoples to defend democracy.

With you, we are confident, finished the lofty proclamations without action. Finished the impotence, the weakness and the renouncing that we have experienced during the last eight years for the great delight of African dictators who are launching a bloody repression of the people's democratic and liberal ambitions.

Indeed, as you know, in Africa, troops under the Governments carried out the bloody repressions of the peaceful demonstrations uniting all of the opposition parties, causing several deaths and injuring thousands people, some of whom suffered particularly vile instances of rape and mutilation.

You'll understand, Mr. President, we expect from you a strong and firm action against all african dictators

Good luck Mr. the president and you have all our support.

Sincerely

Paris, November 9, 2016

Bienvenu MABILEMONO
