Tony,
SC DOT would like to work with us and several AAA's on another grant that would encourage and facilitate increased access and usage of public transportation and mobility options by older adults. Are you OK with me talking with Laverne about it and getting more information?

Denise

Please read the information below. We would like to know if your agency is interested in pursuing this opportunity with us. I would also like to discuss the possibility of targeting a few of your triple A's to possibly taking the lead in their region. Please think about it and let me know your availability to discuss.

Thanks

Subject: FTA Announces Senior Transportation Grant Opportunity

FTA, in partnership with The National Center on Senior Transportation (NCST), invites applications for a new Ladders of Opportunity Grant Program — *Connecting Seniors to Public Transportation*. This competitive grant program will provide funding to communities to develop and test interventions designed to encourage and facilitate increased access and usage of public transportation and mobility options by older adults to support successful aging. Funded projects will be required to partner with one of several national initiatives that support aging in place and currently operate in numerous local communities nationwide. Grants will be awarded to 5 communities at a maximum of \$20,000 each for approximately 5 months. Proposals are due Nov. 7, 2014.

To view the announcement, visit <http://seniortransportation.net/AboutNCST/LaddersofOpportunityGrantProgram.aspx>.
