Dear Governor,

Yesterday afternoon just after NEONAZI Rev. Jesse Jackson appeared to the news media and the group of misguided imbeciles on the issues of the "FLAG!" I found out a few things!

1. The supporters of the "FLAG" told me if the "FLAG:" comes down, they are going to push to have all monuments removed, from the "Statehouse" grounds!
Which means the demonstrations are not going to stop!

2. I found out that the remaining supporters were not members or had any ties to the Sons and Daughters of the Confederacy!

3. A couple of people, protesting the "FLAG" were not even from South Carolina, which means they were in terms of post CIVIL WAR jargon "CARPETBAGGERS!"

4. On July 18th the Golden Knights of the KKK are coming to Columbia, but so also are the New Black Panthers! In the past the KKK never show up anywhere without being armed. and neither do the Black Panthers.

So are you prepared to either put a stop to both these groups coming to our home, or you prepared to have violence in our capitol city, spread out all over the major news networks! Some of my Police Officer friends could get killed in the crossfire!

* 5. If you win or lose, I **would not** make that speech on statehouse grounds but from inside the Capitol Building! There are a lot of angry people out there who are looking for a scapegoat! Some stupid idiot with a weapon might seek vengeance!
Who knows what nut job may show up with some kind of weapon, from the ground or air! I may not have voted for you, insulted you, but I still want you to be safe, and be cautious. There is only 1 woman who should be executed for TREASON, and it certainly is not you! If JFK would have listened to some people he may have lived a lot longer!

Lastly. While I was leaving the area, one young man who saw me talking to the supporters of the "FLAG" threatened me, and yelled out "I should come and WHOOP your ass!" I was wearing my disabled Veteran's hat, and I don't take threats lightly, but since I'm on a cane and in a sling for a broken shoulder, lucky for him, I totally ignored him. He also threatened another elderly gentleman on a cane to "KICK HIS ASS." If I wasn't in a sling I would have taken up on his challenge, and let him attack me, or the other "Handicapped" gentleman and then I would have been forced to use my Army Special Forces training and I would have killed him! Just because I use a cane, does not mean I won't use what the U.S. Special Forces Green Beret Vietnam Veterans taught me, to kill my with my bare hands!

This what you wanted, when you started this mess with this "Flag" issue again with the whole world watching us!

I read some "BLOGS" on the internet, if the "FLAG" comes down it proves that the "FLAG" is a symbol for "RACISM!"

The most Racist people on the "Statehouse" grounds were the protesters of the "FLAG", the NEONAZI NAACP, and especially the young man for shooting off his "BIG MOUTH" and your Police Officers did nothing to "SHUT HIM UP!"

The other night a fight broke out over the "FLAG." just because you take it down it will not stop people from being prejudiced!

I hate Arabs all of them, but I don't fight with them or insult them, or threaten them, though they have threatened to kill me while I was in Desert Storm! I used my head and not my skills to get myself out of a bad situation, because in due time when Jesus returns, then they will know they followed a fake prophet and a believed in a FALSE RELIGION!

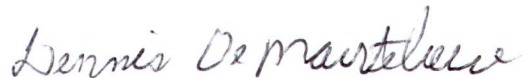

If somebody does get killed over the "Flag" issue you won't have far to go for Blame and you will get blamed!

In ending, enclosed are more proof that the Beauregard Battle Flag was in Vietnam, and I added one to my "ODE" which is now being mailed all over the South.

I would have taken a picture with my "FLAG" with the pilot that flew it over Saudi Arabia, Kuwait, and Iraq, but he was a Northerner, and told me if he had been born in the South, it wouldn't have been a problem!

(At least he flew it inside the cockpit)

Sincerely,

A handwritten signature in cursive script that reads "Demnnis DeMartelaere".

Demnnis DeMartelaere!

ODE OF THE BEAUREGARD BATTLE FLAG

I was designed in 1861, but wasn't accepted until early 1862
I have seen many battles, and saw a lot of Americans die
Young, old, short, tall, skinny, fat, hairy, and bald, it really doesn't matter, dead is dead
Why did all these people die? North, South, Black, and White, for Freedom
I've been told
I have been used and abused by all races, Why? The truth of the matter is,
people just can not get along
Some people say I'm one thing, others say I'm another
I know for sure I'm not prejudiced, I don't even know what that means
I have never called anybody anything after all, I'm only made of cloth
People have called me all kinds of things, what does hate mean?
I have been taken to places, that were frightening to me
There were people all about, fire and a hanging or two, I didn't do it, but got blamed for it
There was this one place I went to, a lot of Americans died there to
Many of them came from the South, where I was originally designed
I later found out, it was a country called Vietnam
I was also in Saudi Arabia, flew over Kuwait and Iraq, in a war called Desert Storm
My proud Southern boys like to take me places where there always is a war
I was designed for battle, I guess one day I will be destroyed in battle
Look at me now, I used to be way up there on top of the South Carolina State House dome
Now I'm down here on State House grounds surrounded by bars, what am I guilty of?
Where are the groups, Black, White, sons and daughters of the South, who voiced to keep me
flying high and proud on top of that dome
One day I will be put away forever, and I did not do anything to anybody
After ALL I Am Only Made Of Cloth
Is it because I'm mistakenly well known by my other name
