Real ID gap analysis full compliance 3_31_08.doc

Pam,

Marcia Adams asked that I quickly pull together a REAL ID gap analysis for the NGA.

Attached please find two documents. One is an analysis for material compliance and the other is related to full compliance. Estimated costs to implement the REAL ID benchmarks are included in the analysis. I did not include the dollar amount for recurring costs, but did note where these costs will be incurred.

Please let me know if you have any questions or need any additional information. You can reach me on my mobile at 803.606.5460.

Thanks,
