REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Richard H. Gilbert, Jr., CPA
Interim State Auditor
State of South Carolina
Columbia, South Carolina

We have audited the accompanying statements of net assets of the South Carolina Education Lottery Commission (the Commission), a discretely presented component unit of the State of South Carolina (the State), as of June 30, 2009 and 2008 and the related statements of revenues, expenses, and changes in net assets and cash flows for the years then ended. These financial statements are the responsibility of the management of the Commission. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Commission as of June 30, 2009 and 2008, and the respective changes in financial position and cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Standards*, we have also issued our report dated September 24, 2009, on our consideration of the Commission's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audits.

The Management's Discussion and Analysis is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements of the Commission. The schedule of business-type activities for the Statewide CAFR is supplementary information required by the South Carolina Office of the Comptroller General and is not a required part of the basic financial statements. It has been subjected to the auditing procedures applied in the audit of the basic financial statements, and in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

SOUTH CAROLINA EDUCATION LOTTERY COMMISSION MANAGEMENT'S DISCUSSION AND ANALYSIS

Management of the South Carolina Education Lottery Commission (the Commission) provides this *Management's Discussion and Analysis* of their financial performance for the readers of the Commission's financial statements. This narrative provides an overview of the Commission's financial activity for the fiscal years ended June 30, 2009 and 2008. This analysis is to be considered in conjunction with the financial statements to provide an objective analysis of the Commission's financial activities based on facts, decisions, and conditions currently facing management. These financial statements reflect only activities of the South Carolina Education Lottery Commission, a component unit of the State of South Carolina.

Understanding the Commission's Financial Statements

The Commission, an instrumentality of the State of South Carolina, is accounted for as an enterprise fund that reports all assets and liabilities using the accrual basis of accounting, much like a private business entity. In accordance with accounting principles generally accepted in the United States of America, this report consists of a series of financial statements, along with explanatory notes to the financial statements. The financial statements immediately follow this discussion and analysis by management and are designed to highlight the Commission's net assets and changes to those assets resulting from Commission operations.

The financial statements included in this report are as follows:

- The Statement of Net Assets provides information about the Commission's assets, liabilities, and net assets.
- The Statement of Revenues, Expenses, and Changes in Net Assets provide information about the revenues and expenses as it relates to lottery operations.
- The Statement of Cash Flows summarizes the cash inflows and cash outflows of the Commission's activities.
- Notes to the Financial Statements are an integral part of the financial statements and provide additional information that is necessary to gain a comprehensive understanding of data reported in the financial statements.
- A Supplementary Schedule of Business-Type Activities for the Statewide CAFR is presented to show the revenues, expenses, remittances to the Education Lottery Account, and beginning and ending net assets.

The most important relationship demonstrated within the Commission's financial statements is the requirement that the Commission remit all net proceeds to the State Treasurer for deposit in the Education Lottery Account (ELA). Accordingly, the primary focus of these financial statements is determining net proceeds available for remittance to the Education Lottery Account, rather than the change in net assets of the Commission.

Financial Highlights

For the year ended June 30, 2009, there was an increase from the prior fiscal year of \$12.0 million in revenues from lottery operations. The Commission returned \$633.2 million to winners of lottery games and \$71.3 million was paid to retailers for commissions and incentives. Other game-related expenses totaled \$19.2 million and operating expenses were \$23.7 million. Net proceeds remitted to and due to the ELA were \$261.5 million as of and for the year ended June 30, 2009.

The overall financial position of the Commission remains strong as the Board of Economic Advisors (BEA) remittance goal was exceeded once again this fiscal year. The projected remittance of \$252.4 million by BEA was exceeded by \$9.1 million for actual remittances of \$261.5 million. Net Assets decreased from the previous fiscal year from \$1.7 million to \$1.4 million.

For the year ended June 30, 2008, there was an increase from the prior fiscal year of \$4.8 million in revenues from lottery operations. The Commission returned \$620.5 million to winners of lottery games and \$70.4 million was paid to retailers for commissions and incentives. Other game-related expenses totaled \$17.1 million and operating expenses were \$25.1 million. Net proceeds remitted to and due to the ELA were \$265.3 million as of and for the year ended June 30, 2008.

The Commission continues to introduce new games and promote existing games to keep players entertained. The elements which contribute to the level of sales are varied and the Commission attempts to identify these elements while marketing products responsibly to increase sales.

S.C. Code Ann. § 59-150-60(A) (18) limits the amount of advertising expense to 1 percent of the previous year's gross sales, and § 59-150-350(A) limits annual administrative expenses to 15 percent of total annual revenue. Actual operating costs and the related limits for FY07 to FY09 follow:

	2009	2008	2007
Total Revenue	\$1,008,481,495	\$996,507,668	\$991,739,055
Gross Sales	1,005,106,684	992,492,764	988,158,152
Advertising Expense Upper Limit	9,924,928	9,881,582	11,446,063
Actual Advertising Expense	8,285,021	8,332,591	9,866,628
Total Administrative Expense Upper Limit	151,272,224	149,476,150	148,760,858
Actual Total Admin. Exp. and Retailer Comm.	114,218,322	112,654,981	115,761,597

Condensed Financial Information

The summary of financial statements of the Commission is presented as follows:

Assets and Liabilities (in millions) (See Notes to Financial Statements 4 and 6)

Change in Net Assets	(0.3)	(1.4)	(2.1)
Ending Net Assets	\$ 1.4	\$ 1.7	\$ 3.0

All proceeds of the Commission must be remitted to the State Treasurer for the ELA with the following exceptions: 1) the cost of capital assets net of depreciation and related debt, and 2) the Restricted Fidelity Fund, derived from the licensing fees of new retailers, which may be retained by the Commission up to \$500,000 and used to cover losses the Commission may experience due to nonfeasance, misfeasance, or malfeasance of a lottery retailer. Therefore, the net assets of the Commission will never exceed \$500,000 related to the Restricted Fidelity Fund plus the cost of capital assets, net of depreciation and related debt.

As of June 30, 2009, the balance in the Restricted Fidelity Fund was \$476,096. A transfer was made during the year in the amount of \$27,718 for retailer losses. For fiscal year ended June 30, 2008, the balance in the Restricted Fidelity Fund was \$462,974 and no transfers were for retailer losses. As of July 10, 2009, the Commission remitted \$260.4 million, including \$19.4 million in unclaimed prize funds to the State Treasurer for the ELA for the fiscal year ended June 30, 2009. Total remittances to the ELA are \$2.0 billion from inception to June 30, 2009.

Net Invested in Capital Assets

Net capital assets for fiscal year 2009 are \$874,718. Capital asset activity during the year included purchases of \$122,182 and depreciation expense of \$444,248. Large capital assets no longer in use were removed from the books during the fiscal year.

(in millions)

Capital Assets	\$ 12.7
<u>Less: Accumulated Depreciation</u>	<u>11.8</u>
Net assets invested in capital assets	\$.9

Net capital assets for fiscal year 2008 were \$1,201,168. Capital asset activity during the year included purchases of \$628,729 and depreciation expense of \$2,064,688. The largest capital asset item was fully depreciated during the current fiscal year, resulting in a significant decrease in depreciation expense.

(in millions)

Capital Assets	\$ 22.4

SOUTH CAROLINA EDUCATION LOTTERY COMMISSION NOTES TO FINANCIAL STATEMENTS

NOTE 1 - REPORTING ENTITY

The *South Carolina Education Lottery Commission* (the Commission), was established as an instrumentality of the state, of South Carolina (the State) with enactment of Act 59 of 2001 (the Act). The Commission is responsible for the provision of lotteries on behalf of the State in accordance with the Act. The Act established a board of nine commissioners as an organization legally separate from the State. Three commissioners are appointed by the Governor, three are appointed by the President Pro Tempore of the Senate and three are appointed by the Speaker of the House of Representatives. The Commission exercises powers comparable to those of a governing board of an entrepreneurial organization. The Commission remits “net proceeds” as defined by the Act to the State. Therefore, the Commission is reported as a discretely presented component unit in the State’s Comprehensive Annual Financial Report (CAFR).

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies of the Commission are as follows:

Method of accounting

The Commission is accounted for as an enterprise fund. Enterprise funds are used to account for activities that are financed and operated in a manner similar to private business enterprises where the costs of providing lottery games to the general public on a continuing basis are to be financed through the sale of lottery game tickets. The Act requires that all costs of providing lottery games, including capital costs, be recovered from the sale of lottery game tickets.

The Government Accounting Standards Board (GASB) is the recognized standard setting body for generally accepted accounting principles applicable to governmental proprietary activities in the United States of America. The Commission applies all applicable GASB pronouncements and all applicable Financial Accounting Standards Board (FASB) pronouncements issued on or before November 30, 1989, when not in conflict with GASB pronouncements. In accordance with GASB Statement 20, the Commission has elected not to implement FASB Statements 103 and after.

Basis of accounting

The financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Under this method, revenues are recognized when they are earned and expenses are recognized when they are incurred.

Use of estimates

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions. The estimates and assumptions made affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Net operating revenues

Operating revenue is defined as revenue earned from all operations related to the selling of tickets for instant and online games less uncollectible retailer accounts receivable.

Non-operating revenue

Non-operating revenue is defined as all revenue that is not generated through ticket sale operations, such as interest income.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Revenue, accounts receivable, and deferred revenue recognition

Revenue and accounts receivable for online games are recognized when tickets are sold to the public by contracted retailers, except for online tickets sold in advance of the draw date for which deferred revenue is recorded.

Revenue and accounts receivable for instant games are recognized upon activation of ticket packs for sale by the retailers. The Commission evaluates its receivables on an ongoing basis for collectability.

Commissions

Retailers receive a commission of 7 percent on total sales.

Prizes

In accordance with the Act, as nearly as practical, at least 45 percent of ticket sales must be returned to the public in the form of prizes. Prize expense for instant ticket games is recorded as an estimate at the time the related revenue is recognized based on the predetermined prize structure for each game; periodically, the prize expense is adjusted to reflect amounts actually won. Prize expense for online games is recorded at the time the related revenue is recognized based on the known prizes.

Ticket inventories

Inventories are carried at cost (as determined by the average cost method) and consist of instant tickets located in the Commission's warehouses or held by retailers. The cost of tickets is charged to operations upon the recognition of revenue under the procedures described above.

Unclaimed prizes

Prizes must be claimed within 90 days after the last day to sell for instant games and within 180 days after the draw date for online games. Unclaimed prize money must be deposited in the Education Lottery Account each year.

Net assets

Net assets represent cumulative revenues, less expense, in excess of net proceeds remitted or payable to the ELA, as defined under the Act.

Change in net assets

Change in net assets equals net proceeds, as defined by the Act, and consists of all revenue derived from the sale of lottery game tickets or shares and all other monies derived from the lottery games, less operating expenses and prizes.

Operating expenses

Operating expenses, as defined by the Act, in the determination of net proceeds, consist of all costs of doing business including, but not limited to, prizes, commissions, and other compensation paid to lottery retailers, advertising and marketing costs, rental fees, personnel costs, capital costs, depreciation of capital assets, and other operating costs.

Cash and cash equivalents

The Commission considers all highly liquid investments with an original maturity of three months or less to be cash equivalents. This includes cash in banks, petty cash, and cash on deposit with the South Carolina State Treasurer.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Retailer accounts receivable

Retailer accounts receivable represents lottery proceeds due from retailers for net ticket sales, less commissions and prizes paid by the retailers. Lottery proceeds are collected weekly by the Commission from retailer bank accounts. The Commission maintains allowances for potential losses which management believes are adequate to absorb losses to be incurred in realizing the amounts recorded in the accompanying financial statements. Credit risk with respect to accounts receivable is dispersed due to the nature of the business and the large number of retailers. The Commission performs credit evaluations of all its retailers.

Capital Assets

Capital assets, which consist of machinery, equipment, vehicles, and leasehold improvements, are stated at cost less accumulated depreciation. Depreciation is computed using the straight-line method over the estimated useful lives of the capital assets. Leasehold improvements are amortized over their expected useful lives or the lease term, whichever is shorter. When assets are retired or otherwise disposed of, the costs and related accumulated depreciation are removed from the accounts, and any resulting gain or loss is reflected in the results from operations in the period of disposal. The Commission capitalizes all capital asset purchases of \$5,000 or more. The estimated useful lives used for the major asset categories are as follows:

Machinery and equipment	3 – 7 years;
Vehicles	3 – 5 years; and
Leasehold improvements	5 – 10 years.

Prepaid Expenses

In accordance with the State of SC accounting policy the consumption method is used to account for prepaid expenses.

Restricted fidelity fund

In accordance with the Act, retailers contribute a fee to a fidelity fund upon acceptance as a lottery retailer. The fund is used to cover losses the Commission may incur due to misfeasance, nonfeasance, or malfeasance of retailers. At the end of each fiscal year, any amount in the fund in excess of \$500,000 is treated as net proceeds from the Commission and is payable to the Education Lottery Account (ELA). As of June 30, 2009, the balance in the Restricted Fidelity Fund was \$476,096. A transfer of \$27,718 was made during the current fiscal year for retailer losses. The fidelity fund is held in a separate account and appears on the Statement of Net Assets as “Restricted - fidelity funds.”

Insurance

The Commission is exposed to the risk of loss related to torts; theft of, damage to, and the destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Commission combines coverage provided by the South Carolina Insurance Reserve Fund with the purchase of commercial insurance to substantially cover these risks. The amount of settlements did not exceed insurance coverage in each of the past three fiscal years. The Commission is also exposed to custodial credit risk on deposits, which is outlined in note 3.

Compensated absences

Employees earn the right to be compensated during absences for vacation and compensatory time. Unused leave benefits are paid to employees upon separation from service. The cost of vacation and compensatory time is accrued in the period in which it is earned.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Accounts receivable Multi-State Lottery Association (MUSL)

Accounts receivable - MUSL consists of:

- The Commission's portion of certain sales revenues shared by member lotteries, and
- The Commission's annual pro rata allocation of earnings on a reserve account in which MUSL holds member deposits.

Balances related to these receivables as of June 30 were as follows:

	<u>2009</u>	<u>2008</u>
Shared sales revenue	\$ -	\$ 288,939
Allocation of earnings on reserve account	<u>51,865</u>	<u>552,496</u>
	<u>\$ 51,865</u>	<u>\$ 841,435</u>

Advertising

Costs incurred for producing and communicating advertising are expensed when incurred, which generally is when the advertising first takes place.

Deposit with Multi-State Lottery Association (MUSL)

The Commission is required to maintain funds in reserve with MUSL. This reserve serves as a contingent source for prize payouts should MUSL games not generate sufficient funds to pay amounts due to prize winners. MUSL is not a financial institution.

Reclassifications

Certain prior year amounts have been reclassified to conform to current year presentation.

New accounting pronouncements

Certain recently issued accounting standards have not yet been adopted by the Commission as management has determined that they did not have a material effect on the Commission's financial position or results of operations as of and for the year ended June 30, 2009.

NOTE 3 - DEPOSITS

The Commission's cash and cash equivalents are considered to be cash-on-hand and interest bearing demand deposits held by banks and the State Treasurer.

For the years ending June 30, 2009 and 2008, the amounts of the Commission deposits were as follows:

	<u>2009</u>		<u>2008</u>	
	<u>Carrying amount</u>	<u>Bank balances</u>	<u>Carrying amount</u>	<u>Bank balances</u>
Demand deposits	\$ 12,348,273	\$ 12,934,023	\$ 10,724,117	\$ 11,553,107

	<u>\$ 12,735,888</u>	<u>\$ 13,321,638</u>	<u>\$ 11,134,051</u>	<u>\$ 11,963,041</u>

NOTE 3 - DEPOSITS, Continued

Custodial credit risk - deposits

Custodial credit risk is the risk that in the event of a bank failure, the Commission's deposits may not be returned to it. The Commission does not have a deposit policy for custodial credit risk. For the years ending June 30, 2009 and 2008, all of the Commission's bank balances of \$13,321,638 and \$11,963,041, respectively, were covered by FDIC insurance or by collateral held by the pledging financial institutions' trust departments in the Commission's name. Therefore, none of the Commission's bank balances were exposed to custodial credit risk, as of June 30, 2009 and 2008.

State law

The Act requires the Commission to remit to the State Treasurer all net proceeds on a monthly basis. Net proceeds are not available to the Commission for long-term investment. State Code Section 11-13-60 requires full collateralization of all deposits held by the State Treasurer.

Accrued other expenses	<u>103,791</u>
Total accrued	<u>\$ 911,584</u>

NOTE 6 - LONG -TERM CONTRACTS AND COMMITMENTS

In January 2008, the Commission entered into a ten-year contract with a new vendor, Intralot, to provide online gaming services that had been previously provided by Scientific Games, beginning in November 2008. Conversion to Intralot from Scientific Games was completed on November 4, 2008. The online contract with Scientific Games expired on November 15, 2008. The contract with Intralot requires Intralot to provide and support the components of the Commission's lottery operations. Services to be provided under the contract include the replacement, as necessary, of hardware and software owned and maintained by Intralot. The Commission has agreed to pay an annual fee of \$6,777,900 for these services.

Future minimum contract payments to Intralot are scheduled as follows for the year ending June 30:

<u>Fiscal Year</u>	<u>Contract Payments to Intralot</u>
2010	\$ 6,777,900
2011	6,777,900
2012	6,777,900
2013	6,777,900
2014	6,777,900
2015 - 2019	29,427,382

The monthly online gaming fee payments to Intralot totaled \$4,462,118 for fiscal year 2009. There were no payments made to Intralot in 2008.

In October 2001, the Commission entered into its first six-year contract with Scientific Games, to provide, among other things, services and equipment for online lottery operations. In January 2005, the contract for Scientific Games to provide administrative services was extended for an additional ten and a half (10½) months through November 15, 2008. The extension required ten monthly payments of \$450,000 with a final payment of \$225,000. The monthly online gaming fees paid to Scientific Games was \$2,025,000 and \$5,400,000 for fiscal years 2009 and 2008, respectively.

Scientific Games has provided services for the instant games contract since inception. During fiscal year 2006, the contract was rebid and Scientific Games was awarded the contract to provide instant tickets, including services of marketing support, warehousing, and distribution, among other items associated with providing instant tickets. Payments to Scientific Games are contingent upon actual services provided. Total payments to Scientific Games as it relates to instant ticket services was \$8,159,953 and \$8,914,210 for fiscal years 2009 and 2008, respectively. The contract period ends September 2013.

NOTE 7 - ACCRUED COMPENSATED ABSENCES

The following is a summary of changes in accrued compensated absences during fiscal year 2009:

	<u>Balance</u> <u>June 30, 2008</u>	<u>Additions</u>	<u>Deductions</u>	<u>Balance</u> <u>June 30, 2009</u>
Accrued compensated absences	<u>\$ 1,130,980</u>	<u>\$ 542,379</u>	<u>\$ 816,112</u>	<u>\$ 857,247</u>

Compensated absences due in the next fiscal year are estimated at \$588,393, which is based on an average of prior year's expenses plus all compensatory time.

The following is a summary of changes in accrued compensated absences during fiscal year 2008:

	<u>Balance</u> <u>June 30, 2007</u>	<u>Additions</u>	<u>Deductions</u>	<u>Balance</u> <u>June 30, 2008</u>
Accrued compensated absences	<u>\$ 934,466</u>	<u>\$ 758,726</u>	<u>\$ 562,212</u>	<u>\$ 1,130,980</u>

Compensated absences due in the next fiscal year are estimated at \$491,642, which is based on an average of prior year's expenses plus all compensatory time.

NOTE 8 - OPERATING LEASES

The Commission has entered into operating leases for the rental of office space for its headquarters and district offices. Certain operating leases contain provisions for scheduled rental increases and are renewable at the option of the Commission.

Future minimum rental payments, to entities outside the State reporting entity, on noncancellable leases with original terms of one year or more are scheduled as follows for the year ending June 30:

<u>Fiscal</u> <u>Year</u>	<u>Operating</u> <u>leases</u>
2010	\$ 745,697
2011	753,835
2012	706,430
2013	635,123
2014	654,510
2015 - 2016	1,186,927

Rental expenses under all operating leases, including those on month-to-month terms, totaled \$1,017,575 and \$981,250 for the years ended June 30, 2009 and 2008, respectively. This amount includes \$112,933 and \$107,868 in vehicle rental paid to the State Fleet management.

NOTE 9 - DUE TO EDUCATION LOTTERY ACCOUNT (ELA)

In accordance with the Act, all net proceeds of the Commission are to be remitted to the ELA within the State Treasury. In accordance with the Act, net proceeds consist of all revenue derived from the sale of lottery game tickets or shares and all other monies derived from the lottery games less operating expenses and prizes. The following payables resulted from net proceeds remittances due to the ELA at June 30:

	<u>2009</u>	<u>2008</u>
Amount payable to the Education Lottery Account, beginning of year	\$ 18,650,862	\$ 21,848,082
Change in net assets subject to remittance	<u>261,211,067</u>	<u>263,896,687</u>
	279,861,929	285,744,769
Change in capital assets		
Capital assets	326,450	1,444,118
Net amount (collected for) paid from fidelity fund	(13,122)	(52,041)
Amount paid during the year	<u>(256,519,823)</u>	<u>(268,485,984)</u>
Amount payable to the Education Lottery Account, end of year	<u>\$ 23,655,434</u>	<u>\$ 18,650,862</u>

Net proceeds related to the above payable were remitted to the Education Lottery Account in July 2009, and 2008, respectively.

NOTE 10 - EMPLOYEE RETIREMENT SYSTEMS

The Commission contributes to the South Carolina Retirement System (SCRS) cost sharing multiple-employer defined benefit plan administered by the Retirement Division of the State Budget and Control Board.

As established by Section 9-1-480, Code Laws of South Carolina, 1976 (as amended), all eligible persons, except those specifically excluded, shall become members of the retirement system as a condition of their employment. The responsibility of the administration of the system is assigned by law to the State Budget and Control Board.

SCRS offers retirement and disability benefits, cost of living adjustments on an ad-hoc basis, life insurance benefits, and survivor benefits. The Plan's provisions are established under Title 9 of the SC Code of Laws.

The following is a recap of the mandated contribution rates for the current fiscal year:

	<u>SCRS</u>
Employee contributions	6.50% of salary
Employer contributions	
Retirement	9.24% of salary
Insurance surcharge	3.50% of salary
Group life insurance	.15% of salary

For the years ending June 30, 2009, 2008, and 2007 the Commission contributions to SCRS were \$962,486, \$918,133, and 844,606 respectively.

All employer contributions were equal to the required contribution rates for the year. Contributions as a percentage of statewide contributions were not available for June 30, 2009.

NOTE 10 - EMPLOYEE RETIREMENT SYSTEMS (continued)

Commission employees may participate in Internal Revenue Code Sections 457 and/or 401(k) deferred compensation plans, which are available to state and local governmental employees and administered by a state approved nongovernmental third party. The plans, available to all Commission employees, permit them to defer a portion of their salary until future years. Participation in the plan is optional. The deferred compensation plans are not available to employees until termination, retirement, death, or unforeseeable emergency.

Employees eligible for service retirement may participate in the Teacher and Employee Retiree Incentive Program (TERI). TERI participants may retire and begin accumulating retirement benefits on a deferred basis without terminating employment for up to five years. Upon termination of employment or at the end of the TERI period, whichever is earlier, participants will begin receiving monthly service benefits which will include any cost of living adjustments granted during the TERI period. Because participants are considered retired during the TERI period, they do not earn service credit, and are ineligible to receive group life insurance benefits or disability retirement benefits. TERI participants that continue to work after their TERI participation has ended will pay working retiree contributions like active members.

New employees may elect to participate in the Optional Retirement Program (ORP), which provides retirement and death benefits through the purchase of individual or fixed variable annuity contracts, which are issued to and become the property of the participants. To elect ORP, eligible employees must irrevocably waive SCRS membership within their first ninety days of employment.

A comprehensive annual financial report containing financial statements and required supplementary information for the South Carolina Retirement System is issued and publicly available by writing the South Carolina Retirement System, Post Office Box 11960, Columbia, South Carolina 29211-1960, by calling (803) 737-6800, and on the website at www.retirement.sc.gov.

NOTE 11 - POST-EMPLOYMENT BENEFITS OTHER THAN PENSIONS

Plan Description

In accordance with the South Carolina Code of Laws and the annual Appropriations Act, the State provides post-employment health and dental and long-term disability benefits to retired State and school district employees and their covered dependents. The Commission contributes to the Retiree Medical Plan (RMP) and the Long-term Disability Plan (LTDP), cost-sharing multiple-employer defined benefit postemployment healthcare and long-term disability plans administered by the Employee Insurance Program (EIP), a part of the State Budget and Control Board (SBCB). Generally, retirees are eligible for the health and dental benefits if they have established at least ten years of retirement service credit. For new hires as of May 2, 2008, and after, retirees are eligible for benefits if they have established twenty-five years of service for 100 percent employer funding and fifteen through twenty-four years of service for 50 percent employer funding. Benefits become effective when the former employee retires under a State retirement system. Basic long-term disability (BLTD) benefits are provided to active state, public school district, and participating local government employees approved for disability.

Funding Policies

Section 1-11-710 and 1-11-720 of the South Carolina Code of Laws, 1976, as amended, requires these post-employment healthcare and long-term disability benefits be funded through annual appropriations by the General Assembly for active employees to the EIP and participating retirees to the SBCB except the portion funded through the pension surcharge and provided from other applicable sources of the EIP for its active employees who are not funded by State General Fund appropriations. Employers participating in the RMP are mandated by State statute to contribute at a rate assessed each year by the Office of the State Budget, 3.50% and 3.42% of annual covered payroll for 2009 and 2008, respectively. The EIP sets the employer contribution rate based on a pay-as-you-go basis. The Commission paid \$263,305 and \$252,537 applicable to the surcharge included with the employer contribution for RMP and LTDC for the fiscal years ended June 30, 2009 and 2008, respectively, which were 100 percent of the required contribution amounts. BLTD benefits are funded through a per person premium charged to State agencies, public school districts, and other participating local governments. The monthly premium per active employee paid to EIP was \$3.23 for the fiscal years ended June 30, 2009 and 2008.

NOTE 11 - POST-EMPLOYMENT BENEFITS OTHER THAN PENSIONS (continued)

Effective May 1, 2008, the State established two trust funds through Act 195 for the purpose of funding and accounting for the employer costs of retiree health and dental insurance benefits and long-term disability insurance benefits. The South Carolina Retiree Health Insurance Trust Fund is primarily funded through the payroll surcharge. Other sources of funding include additional State appropriated dollars, accumulated EIP reserves, and income generated from investments. The Long-Term Disability Insurance Trust Fund is primarily funded through investment income and employer contributions.

One may obtain complete financial statements for the benefit plans and the trust funds from Employee Insurance Program, 1201 Main Street, Suite 360, Columbia, SC 29201.

NOTE 12 - CONTINGENCIES

The Commission is subject to litigation in the ordinary course of its business. In the opinion of management and legal counsel, the outcome of such litigation will not have a material impact on the financial position or cash flows of the Commission for the year ending June 30, 2009.

NOTE 13 - TRANSACTIONS WITH STATE ENTITIES AND RELATED PARTIES

For the year ended June 30, 2009, the Commission had certain transactions with the State and various other state agencies as follows:

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS

Richard H. Gilbert, Jr., CPA
Interim State Auditor
State of South Carolina

We have audited the financial statements of *South Carolina Education Lottery Commission* (the Commission), a discretely presented component unit of the State of South Carolina (the State), as of and for the years ended June 30, 2009, which collectively comprise the Commission's basic financial statements, and have issued our report thereon dated September 24, 2009. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Commission's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Commission's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Commission's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Commission's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management, the audit committee, and the Office of the State Auditor of South Carolina and is not intended to be and should not be used by anyone other than those specified parties.

***SOUTH CAROLINA EDUCATION LOTTERY COMMISSION
SCHEDULE OF FINDINGS
For the year ended June 30, 2009***

I. SUMMARY OF AUDITOR'S RESULTS

We have issued an unqualified opinion, dated September 5, 2009 on the financial statements of the Commission as of and for the years ended June 30, 2009 and 2008.

Our audit disclosed no material weaknesses relating to the audit of the Commission's financial statements.

Our audit disclosed no significant deficiencies that are not considered to be material weaknesses relating to the audit of the Commission's financial statements.

Our audit disclosed no instances of noncompliance which are material to the Commission's financial statements

II. FINANCIAL STATEMENTS FINDINGS

Our audit disclosed no findings which are required to be reported in accordance with *Government Auditing Standards*.
