Subject: Dates for LG

Lily,

Cyberwoven, the group that has been revamping the Office on Aging's websites for some time, would like to have a get-together for the active agencies that are in the current (but not for too much longer) SC Access system / database. This would be an "out with the old, in with the new" type of event to showcase our new website's functions and recruit them to re-enter their information. We debated about transferring the information from the old system / database, but decided that it was too outdated; a new start would ensure more accurate data going forward. Cyberwoven will be making a presentation to those agencies in attendance.

As it now stands, there are 858 active agencies in the system. This number includes non-profits, for-profits, government agencies, etc. Some of these are out-of-date / out-of-touch since the system is so old. In meeting with Cyberwoven, Rene, Anne, etc., we concluded that we could expect about 200 people to show up (active agencies – old and new, partners like AARP, etc.).

If you think the Lieutenant Governor would like to be a part, I can provide more information. The tentative dates that we're considering are August 8 and August 10. We're leaning towards something in the 10:30a range at a location around Columbia / West Columbia that is still TBD. Please let me know when you have a chance.

Thanks,

Hank Page
