Subject: DNR Regulation No. 4414

Ted,

I hope you are doing well. I stopped by your office this afternoon after our SCSBRRRC board meeting but I was told you were at Fort Jackson. Thank you again for your military service to our state and country.

I spoke with Christian Soura of your staff. Christian was very helpful but to facilitate a quick resolution to our concerns with Reg. 4414 I walked over to DNR and met with Derrick Meggie, Director of Legislative Services, after I spoke with Christian.

I had an excellent meeting with Derrick and I have a better understanding of DNR's position and Derrick is very aware of SCSBRRRC's mission to protect small business in our state.

Derrick and I will work this issue out. I don't expect you will see it on CNN. If so, I will give you a heads up.

Sincerely,

Dan
