Center for Medicaid and State Operations

June 1, 2007

JUN 04 2007

Dear State Medicaid Contact:

Department of Health & Human Services
OFFICE OF THE DIRECTOR

The Centers for Medicare & Medicaid Services (CMS) is beginning its 2007 data collection process to collect Medicaid managed care enrollment statistical data and program characteristics to formulate our annual Enrollment Report and National Summary Report.

As States implement and expand managed care delivery systems to serve their Medicaid populations, demand for these reports continues to grow. Many States considering managed care initiatives use the National Summary as a source for reviewing viable managed care alternatives for their Medicaid populations. Enrollment statistics have become even more valuable as we assess trends in Medicaid managed care by individual States, as well as nationally. Your role in this endeavor is vital.

We will continue to use the Medicaid Managed Care Data Collection System (MMCDCS) as the vehicle to collect the managed care program, quality, and enrollment data. MMCDCS is a stand-alone windows based application designed in visual basic to be compatible with Windows '95 and above. This user-friendly system allows States and regions to (1) access the data dictionary and instructions on-line, (2) browse Medicaid managed care program characteristic and enrollment data, and (3) access the standard report menu.

Second, based upon the recommendations from the States, regions and central office staff, we have made modifications to MMCDCS for the 2007 data collection. In general, the changes include the following:

1. Revised the "Operating Authority" data element by adding "Concurrent 1915(a)/1915(c) Waivers" as an additional valid choice.
2. Revised the "PCCM, MCO, HIO, and Other MCE Included Services" data element by adding "Institutional" as an additional valid choice.
3. Added a new section "Concurrent 1915(a)/1915(c) Waivers" with 8 new data elements: (1) State Medicaid Agency Contact, (2) State Operating Agency Contact, (3) Program Service Area, (4) Initial Waiver Effective Date, (5) Waiver Expiration Date, (6) Target Group, (7) Level of Care, and (8) Description of 1915(a)/1915(c) Waivers.
4. Revised the "Level of care" data element by adding "PRTF-Psychiatric Residential Treatment Facility" as an additional valid choice.
5. Revised the "Performance Measures: Process" data element by adding 10 additional valid choices: (1) Colorectal Cancer Screening, (2) Antidepressant Medication Management, (3) Influenza Vaccination, (4) Pneumonia Vaccination, (5) Screening for Human Immunodeficiency Virus, (6) AntiD Immune Globulin, (7) Appropriate Treatment for Children with Upper Respiratory Infection (URI), (8) Appropriate Testing for Children with Pharyngitis, (9) Ace Inhibitor/ARB Therapy, and (10) LVF Assessment.
6. Revised the "Performance Measures: Health Status/Outcomes" data element by adding "Mortality Rates" as an additional valid choice.

7. Revised the "P4P Reward Models" data element by adding "The State uses withhold as an incentive" as an additional valid choice.
8. Added a new data element "P4P Member Incentives" for the P4P section.
9. Revised the "P4P Program Clinical Conditions" data element by adding "Obesity" as an additional valid choice.

To ensure a smooth process, we have **pre-filled** both the National Summary (program characteristics and quality data) and Enrollment (statistical data) Subsystems with the managed care data (if applicable), based upon what the States submitted to us last year. In order to provide accurate and up-to-date data, States need to carefully review the pre-filled data to assure that all the information is current and reflects any enrollment and policy changes.

CMS RO will send the installation package to you by **August 16** for you to familiarize yourself with the system prior to you entering your State's data. The package will consist of MMCDCS CD, MMCDCS User Guide, and the National Summary and Enrollment Report data dictionaries.

The program, quality, and enrollment data should reflect the point-in-time of **June 30, 2007**. We are requesting the States begin compilation of the program and quality data by mid-September. However, we ask that the exact enrollment numbers not to be compiled until the **end of September** in order to capture enrollment numbers consistently across all States for the same point in time. This will also allow States sufficient time to include retroactive Medicaid eligibles in order to provide a complete picture of enrollment numbers as of June 30, 2007. It is important that you submit your State's Medicaid managed care data to your RO contact by the **October 19, 2007** deadline.

In March 2008, we will request statistical data as of December 31, 2007 for the following four data elements: (1) unduplicated total State Medicaid enrollment, (2) unduplicated total State Medicaid managed care enrollment, (3) State 1115 expansion enrollment, and (4) State Medicaid Dual Eligible Enrollment.

Please contact Loan Swisher (410) 786-4650 or Carolyn Lawson at 410-786-0704, if you have any questions or concerns. Thank you for your cooperation and assistance in this matter.

Sincerely,

Roger Buchanan
Director

This is log 000759 that was due tomorrow.

>>> Michael Jones 10/11/2007 1:06 PM >>>
CMS has provided us an extension on the CMS Managed Care study that was due on Oct 12, 2007. We now have until the end of this month, however we will have it finished before then. We were supposed to receive the CD about 2 months ago and we received it on Monday I believe. Just wanted to let you all know.

Thanks.

>>> "Lawson, Carolyn Y. (CMS/CMSO)" <Carolyn.Lawson@cms.hhs.gov> 10/11/2007 12:52 pm >>>

If you can get the information to me by the end of the month, that will be fine. Thanks.

CC: Connie L. (CMS/SC) Martin; Daisy G. Massey; Elaine (CMS/SC) Elmore; J... Carolyn,

Based on our conversation last week we have updated our database and attached it to the email, we also uploaded the info via the software program. SC now has a professional QA specialist on our staff, so you will notice that our Quality Activities for MHNs and HMOs has a lot more entries this year. We have corrected the contradicting info regarding dual eligibles. Please review and let us know of any issues. We greatly apologize for the delay and the contradicting information. With the new staff on board and designated individuals to review this information I believe we will have much more accurate and detailed information to provide.

Jennifer Campbell will be the point of contact for the SC Managed Care Dept. I believe Mark McKenna was the last point of contact we had on there. Her number is 803-898-2593.

Subject: Fwd: RE: RE: CMS 2007 Data Collection

This is log 000759 that was due tomorrow.

>>> Michael Jones 10/11/2007 1:06 PM >>>
CMS has provided us an extension on the CMS Managed Care study that was due on Oct 12, 2007. We now have until the end of this month, however we will have it finished before then. We were supposed to receive the CD about 2 months ago and we received it on Monday I believe. Just wanted to let you all know.

Thanks.

>>> "Lawson, Carolyn Y. (CMS/CMSO)" <Carolyn.Lawson@cms.hhs.gov> 10/11/2007 12:52 pm >>>

If you can get the information to me by the end of the month, that will be fine. Thanks.
