Rebecca,

Thank you for your e-mail. We are quick to point out deficiencies. Rarely do we take the time to make positive comments. I am also pleased our staff worked well with your office to prepare the response to DOL.

Again, thank you for your comments.

Tony

Dear Mr. Kester,

As you know our offices recently worked together to prepare responses for the US Department of Labor's South Carolina Comprehensive Review Report. Preparing the response was no easy feat, but we successfully submitted a quality report on time.

I want to specifically commend Pamela Grant, SCSEP Program Manager, for her leadership, diligence, and patience during this process. She provided information on time and was a pleasure to work with on this project.

We truly appreciate your office working with us on the combined response. It demonstrated that we enjoy a unified and collaborative willingness to partner and leverage opportunities that will benefit older workers and employers. We look forward to continuing our work together to develop and implement viable, sustainable solutions to grow and improve our workforce system.

Have a great day.

Very sincerely,

Rebecca
