**Subject:** Higher Education Project Approvals

---

Thanks for setting up the meeting with Jimmy next week on Deloitte's ask for FY 2014-15.

On another topic, do you have time next week to talk for a few minutes about options for fast-tracking approvals for certain types of higher education projects? The Governor and I met with the college/university presidents yesterday afternoon, and I drew a few homework assignments out of it. I wanted to pitch a couple of ideas, if you have some time. Thanks.

CLS
