TO: Governor Nikki Haley

Regarding: Syrian Refugees in S.C.

Comments: Governor you told us this would not happen. Why have you not stopped it? Why have you not called out the state national guard & shipped every one of these interlopers back? Either you believe in states rights or you don't. Your letter to John Kerry & "assurances" from him on the so called vetting process is totally unacceptable. We know the vetting process in this matter is totally bogus. You are putting at risk the life, health and safety of all South Carolinians. You need to go on Bob McLain or TARA or Vince's show and explain yourself or all South Carolinians can assume you are gutless and spineless. Do what you promised and do it now.
