Thanks for your note - I'm glad we had a chance to get together to discuss your work and your budget.

Let's catch up again in a few weeks, once I have a sense of where things seem to be leaning for the upcoming year. Thanks again.

Christian:

Just a quick but very sincere note to thank you for taking the time out of your busy schedule to meet with Trey and me about the S.C., Sea Grant Consortium. It was a great pleasure to meet you.

I hope you find the information I provided to you today useful and informative. I also hope that I was able to clarify the roles and value of the Consortium to its member institutions, to our stakeholders, and to the state.

I look forward to continuing our conversation during the upcoming budget process. Of course, please feel free to contact me if you have any questions or require further information.

Again, thank you very much for your time and interest in the Consortium.

Rick
