Yes sir, I spoke with Herb Hayden last week and he is in receipt of every document I've sent to you. I remember a similar situation not too long ago in another town and one of the Senators directed his staff to forward to the Governor's Office, which is one of the reasons I reached out to you all. I've also been asked by several community members to see if the Governor would be so kind to look into this.

Derrick,

Would it be fair to assume this information has been sent to the Ethics Commission?

Best,

Austin M. Smith
