Donna,

I feel that the DMV could save money on paper if the system could be fixed to prompt us with a (Do you want to print a coversheet?) for replace decal. When a customer pays his/her property tax and goes to the DMV to pick up the decal the same day and we go under replace decal, it automatically prints out a coversheet which we do not need because we are basically renewing the decal before it goes out in mail that night. We get the prompt whenever we are renewing a plate or decal, but not when we have to go under replace.

As we have a lot of customers that want their decal the same day as paying property tax this could save a lot of paper statewide in a years' time.

This is just an ideal. Thanks for considering it.

Barbara
