Good Afternoon,

Last week I met with Mary Peck on behalf of the Lieutenant Governor. One of the things she was interested in was the Lieutenant Governor going out with them to a home healthcare visit, I told I would have to pass that request on for y'all to discuss. So here it is, please advise.

Best Regards,

Catherine,

Thank you so much for your time yesterday. I appreciated your insight on the initiatives for not only Lieutenant Governor Bryant but the Council on Aging. As we discussed, Kindred has a statewide presence providing home health in every county of the state. We are one of the state's largest home health and hospice agencies. We are on the front line of senior's struggles from healthcare access to the opioid crisis.

Thank you for passing my contact information to Jerry Dickenson so we can connect on our mutual focuses through the Council on Aging.

We also discussed getting Lieutenant Governor Bryant on a home healthcare visit with one of my nurses, scheduling this through his director. Can you send me his contact information?

I look forward to continuing our conversations on how we can improve the healthcare network and accessibility in SC for our seniors. Please let me know if there is anything you need from me in the future.
