Weather forecast is cloudy...not the weather, just the forecast.

For some reason it looks like there won't be a change until the conferee's get together. Will let you know as I know more but am guessing the interim numbers won't be very telling.

Begin forwarded message:

Subject: Touching Base

In talking with the Senate and House, "IF" there is to be a change in the estimate, they'd prefer that to come at Conference Committee, ideally about Monday, May 19th but we could do that the Friday before or the next day on Tuesday.

I'll go ahead and have Debbie contact and coordinate with y'all around the 19th.

We have some preliminary numbers for March.... Sales was slightly negative most due to the snow storms in Feb, Withholding was flat, but Corporate was actually up instead of being negative as forecasted. As usual, though, the real issue is the timing of refunds and payments with returns and we are just now trying to sort through where we are in the process. SFC is starting on the budget this week, but we will have our reports out to y'all by Friday.

Hopefully, we can still touch base Wednesday morning.

Have a safe trip,

Frank
