Dear GOVERNOR!

Love your name and glad you got Relected. I heard in the news about South Carolinas crumbling roads and deteriorating bridges.

Please put ads in the states's newspapers and magazines asking for ~~assisting~~ assistance making roads and bridges safer highways. I guarantee Results! The ads should be like the example below.

Please help make ~~the~~ roads and bridges safer in South Carolina

Please call the state DOT and tell them to get ready for a flood of phone calls. Tell them to write the ideas down please

Sincerely

Michael May

GOOD LUCK
