I want to make a disclaimer: I am not harassing or intimidating anyone by no means but seek the truth and justice. I received your letter on Friday (12/19/14) stating that SCHAC has concluded their investigation and have no further comments. I have already received that notification from SCHAC through SCHAC Attorney Joshua Barr. I was requesting a response from SCHAC Board which certified letters was mailed to each one of them not the agency it self. I am still waiting on a response from SCHAC Board and your letter dated 12/18/2014 does not answer for them.

Please have the SCHAC Board Chairman provide a response to certified letters regarding my complaint against SCDEW.
