Hi Bryan,

Pursuant to South Carolina's Freedom of Information Act, I'd like to request the Department's budget plan as submitted to the Governor's Office last week. If applicable, please advise on the cost associated with fulfilling this request prior to granting.

My thanks,
Rebekah B. Steen

Dear Ms. Steen:

This is a response to your Freedom of Information Act request received by the SC Department of Health and Human Services (SCDHHS) on October 15, 2008. Attached is a copy of the letter and list submitted to Governor Mark Sanford's office by SCDHHS upon their request. All state agencies were asked to submit similar lists outlining potential cuts if it became necessary to reduce 10 percent of state appropriations from their respective budgets during the current fiscal year. Please contact the agency if you have additional questions.

Sincerely,

A handwritten signature in cursive script, reading "Emma Forkner".

The Honorable Mark Sanford
Governor, State of South Carolina
Post Office Box 12267
Columbia, South Carolina 29211

Dear Governor Sanford:

As a result of a projected state budget deficit, all state agencies have been instructed to develop a plan for eliminating 10% in general revenue funds from their respective budgets. For the SC Department of Health and Human Services, this translates to a \$95 million reduction (including the \$28.5 million we eliminated as a result of the across-the-board cut ordered by the Budget and Control Board on August 12, 2008). When the federal Medicaid match is included, the net result of a 10% reduction on the state's health care industry totals more than \$300 million.

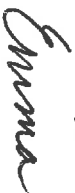

The agency arrived at the initial 3% reduction largely by adjusting rates to medical providers. It is our belief that further reductions to core providers would adversely affect access to care for Medicaid beneficiaries. Therefore, in order to reduce our base budget further it would be necessary to instead make significant programmatic and eligibility changes. On the attached list you will find these items ranked in approximate order of importance, with the final items being the most essential to our mission. It should be noted that several items on the attached list would require legislative action to remove budget provisos, which limit the agency's ability to manage reductions of this magnitude. We are asking legislative leaders for their assistance in removing these barriers, in order to prevent some of the reductions in higher priority optional eligibility groups and services.

The federal Centers for Medicare and Medicaid Services (CMS) requires state Medicaid programs to cover certain eligibility categories and make available specific services for those populations (Pregnant Women and Infants, Children, Low Income Families, Supplemental Security recipients). These federally mandated groups and corresponding expenditures make up the bulk of our agency's budget. Therefore, to meet a 10% reduction it would require the elimination of several "state optional" eligibility categories and services. There is little doubt that many of these changes would be severely detrimental to medically vulnerable beneficiaries and to health care providers.

The Honorable Mark Sanford
October 7, 2008
Page 2

Because we must adhere to federal regulations that specify procedures to be followed in order to eliminate a Medicaid program, cost savings from elimination would not be immediate. This may make it necessary in State Fiscal Year 2009 for the agency to request approval from the Budget and Control Board to withdraw a portion of the \$31 million balance in the Medicaid Reserve Fund to cover potential shortages.

Sincerely,

A handwritten signature in cursive script, appearing to read "Emma".

Attachment

Mandatory Populations

(Subject to income limits)

- Pregnant Women and Infants
- Children (0-19)
- Low Income Families and Children
- Supplemental Security Income

Optional Populations

- Aged, Blind, & Disabled
- SSI-Medical Assistance only
- SCHIP
- TEFRRA Children
- Optional State Supplement
- Working Disabled
- Breast and Cervical Cancer
- Family Planning Waiver
- GAPS
- Transitional Medicaid Assistance
(More than 12 months)

Mandatory Services

- Hospital Services (Inpatient; Outpatient)
- Nursing Homes
- Physician Services
- Home Health
- EPSDT
- Lab & X-Ray
- Family Planning Medical Services
- Clinical Services
- Coordinated Care
- Dental (For eligible children)
- Premium Payments (Medicare Supplemental Insurance)
- Transportation

Optional Services

(All state plan services are mandatory for eligible children)

- Pharmacy (non-institutional patients)
- Community Long Term Care
- Durable Medical Equipment
- Medical Professional
- Hospice
- Optional State Supplement (OSS)
- Integrated Personal Care (IPC)
- PACE
- Family Planning Education (MAPPS)
- Community Choices Waiver
- HIV/AIDS Waiver
- Ventilator Dependent Waiver
- Mental Retardation and Related Disabilities (MR/RD) Waiver
- Head and Spinal Cord Injury (HASCI) Waiver
- Pervasive Development Disorder (PDD) Waiver
