An Appeal to Heaven Volcanoes,
Earthquakes Cataclysms

Let's make a radical turn to Malachi 4:6 in the Scripture to look to insights for possible solutions to these geological dilemma's clearly out of our control...or the only outside solution within our control in this author's educated opinion would be to shut down the CERN fiasco in Switzerland.

Bottom line: time is past to seek our Creator YeHoVeH. He holds the engineering plan for the creation of the universe so also our planet. YeHoVeH the Elohim of Abraham, Isaac and Jacob is not the same as Allah, Hindu or any other eastern god.

With these cataclysms let's get specific:

⁶ And he shall turn the heart of the fathers to the children, and the heart of the children to their fathers, lest I come and smite the earth with a curse.” KJV.

YeHoVeH promises to strike the land if we oppress the children and fathers – simply put, *corrupt family law system*. This author submits to the reader a Trumpism said to the African Americans... What do we have to lose??? If we correct our corrupt family law system we can only win with our family's; however, if YeHoVeH honors His Word [and will] then we can expect relief to these impossible geological cataclysms.

Let us humble ourselves and admit we have corrupted our families. What do we have to lose? What to you think?
