**Subject:** Emergency funding request

Good Morning Lieutenant Governor McGill,

I would like to submit the attached request for emergency repair funding of our Senior Center in Darlington. I was not successful in securing the 2014 PIP, but as you can see from my pictures that I have several safety issues that I must address. I feel that I cannot wait until the next PIP cycle with the funding availability of July, 2015 to make these repairs.

Your consideration of this funding is greatly appreciated. Thank you for your commitment to the elderly of South Carolina, and together we are changing lives. The impact is obvious when I hear the laughter and joy from my seniors. I invite you to visit our center at any time.

Sincerely,

*Jackie Anderson*

Executive Director

Darlington County Council on Aging
