Hi Tony,

The National Center for Health in Public Housing is pleased to announce that the 2015 Health Center and Public Housing National Symposium will be held September 28-30, 2015, at the Westin Alexandria in Alexandria, VA. This year's theme is Healthy Together: Community Collaborations in Healthcare Delivery. Please save the date on your calendar for this educational, inspiring, and exciting event!

The annual symposium presents an opportunity for health center staff and other health care providers, public housing resident advocates, and community members to learn about the challenges residents of public housing face. Training and workshop sessions highlight HRSA program requirements as well as health priorities, emerging health topics, innovative outreach strategies and programs to provide quality care to underserved populations.

For more information concerning symposium details and pricing please visit our Health Center and Public Housing National Symposium Registration Page:
